INTRODUCTION

Central Iowa Democratic Socialists of America (CIDSa) is not endorsing any candidates in the **2026 midterms**. As a member-led democratic organization, our endorsements are not simply stamps of approval, but rather a significant commitment of Chapter resources and labor that are democratically voted on by our membership.

CIDSa's Electoral Commission is instead using this opportunity to rate specific candidates against the DSA's new **Workers Deserve More!** national program. Our program was drafted between the months of April and June 2026 by a committee of DSA members, elected through a process established by our 2025 National Convention. The program committee included members of DSA's National Political Committee (NPC), leaders of national committees, as well as rank and file members, representing the political breadth of our big tent organization.

Our rating system judges candidates based on their alignment with the individual policy planks of the Workers Deserve More program, which are explained in further detail on pages 7-9. Research conducted for this document included examining past votes, actions taken, statements made, policy platforms, and other critical considerations. These ratings reflect our best understanding of the candidates' positions as of October 2026.

While we acknowledge it is unlikely that a capitalist politician would align themselves with our platform which empowers the working class, we also know the solution is not to temper our demands, but to hold our elected officials to a higher standard as public servants. As socialists, it is our duty to fight to shift the window of what's considered possible in Iowa politics. We refuse to be satisfied with lesser evils— a better world is **possible**.

AMENDMENT 1

Amendment 1 is the only section of the ballot where Central Iowa DSA is issuing an official recommendation. This amendment would make it more difficult to raise the corporate or personal income tax by requiring a two thirds majority vote of the Legislature—a requirement no other policy must satisfy, and that would make it nearly impossible for the state to raise revenue. This is a transparent attempt from corporate interests and the wealthy to rig a system that already benefits them even further in their favor.

This amendment does nothing to help working class Iowans afford their bills, while protecting the highest earners from paying their fair share. It would make it comparatively easier to raise the sales tax, fuel tax, or tuition at state universities and community colleges to make up for the lost revenue streams. It's no coincidence that Des Moines is currently facing a budget shortfall resulting in drastic cuts to public services after the Republican state legislature passed punitive restrictions preventing municipalities from raising revenue earlier this year. It's simply the next step in their plan to protect the corporate bottom line at the expense of Iowa taxpayers.

Amendment 1 will appear on every Iowan's ballot in some form when they vote this year. Look for the following text in the final section, after the judicial ballot:

"Shall the following amendment to the [Iowa] Constitution be adopted?

Provides that any bill to increase the individual income tax rate or the corporate income tax rate, or the rate of any other type of tax based upon income or legal and special reserves, shall require the affirmative votes of at least two-thirds of the members elected to each house of the general assembly for passage. Further, the two-thirds majority vote requirement applies to the passage of a bill to establish a new tax on any type of income or legal and special reserves imposed by the state. The requirement excludes taxes imposed at the option of a local government. A lawsuit challenging the proper enactment of a bill must be filed no later than one year following the enactment."

Central Iowa DSA Recommends:

VOTE NO!

FREEDOM TO FLOURISH

Expand public resources to support recreation, learning, and social spaces accessible to all. Establish paid family leave for all workers, a 32 hour work week with full pay and benefits, and a living minimum wage. Provide free, quality public education from pre-K to college and cancel all student debt.

HOUSING FOR ALL

Housing is a human right. Build new, publicly-owned social housing, strictly regulate investment properties, establish universal rent control, and guarantee right to counsel for all tenants.

HEALTHCARE FOR ALL

Guarantee universal healthcare at no cost to individuals, including complete access to reproductive and gender affirming care. Expand healthcare access and quality by investing in new public hospitals and clinics. Make all medical education and training public and free.

FINISH RECONSTRUCTION

End the legacies of slavery and colonialism. Reinforce anti-discrimination laws. Honor all treaties and tribal sovereignty. Enact reparations and massively invest in good jobs, quality housing and infrastructure in neglected minority communities.

END MASS INCARCERATION AND POLICE IMMUNITY

Demilitarize police departments, disempower police unions, and redirect funding to public services as steps towards fully abolishing the police and prison system which protects the rich and jails the poor. Treat drug addiction and mental illness as health issues, not crimes. End qualified immunity and empower civilian oversight bodies with real authority over the police.

GREEN NEW DEAL

Workers must lead our democratic transition to a green future. Pass a federal jobs guarantee. Implement massive investment in sustainable, publicly owned energy and transit infrastructure. Phase out the use of fossil fuels. Reclaim and repair our earth's resources for all.

END THE U.S. WAR MACHINE

Defund the Department of War. End all foreign wars and close overseas military bases. Support and fully employ veterans. End immunity for U.S. war criminals and support the International Criminal Court's mandate to prosecute war crimes.

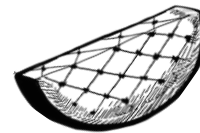

END BLOCKADES, EMBARGOES, AND SANCTIONS

People around the world deserve to live their lives without U.S. interference. End economic warfare against countries whose governments act independently of the United States, such as Cuba, Venezuela, and Iran.

FEMINISM FOR ALL

Socialist feminism fights for queer liberation and the freedoms of all working class women. Stop gender violence and end policies that oppress bodily autonomy and intimate life, including patriarchal restrictions on abortion, childbirth and childraising, gender expression and transition, marriage, and divorce. Ban sex discrimination and ensure fair compensation and support for all forms of labor, including care work.

FREE PALESTINE

Recognize the rights of the Palestinian people, including the right of return, the right to resist military occupation, and the right to self determination in a free Palestine with Jerusalem as its capital. End all military and economic aid to Israel. Prosecute U.S. and Israeli leaders responsible for the genocide in Gaza.

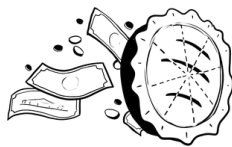

ABOLISH ICE

End ICE detention and deportations and punish federal agents' brutality. Legalize migration, grant amnesty for all immigrants regardless of status, provide a path to citizenship for all permanent residents, and end visa caps and quotas.

A REAL DEMOCRACY

For the working class to govern, we need a new political system. End political corruption and legalized bribery: get rid of lobbyists, dark money, and Citizens United, and publicly finance all elections. Abolish the Electoral College. Replace the President and Supreme Court with an executive and judiciary chosen by and subordinate to Congress.

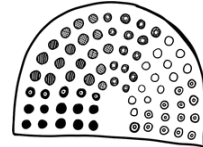

ECONOMIC DEMOCRACY

Establish public ownership of the largest corporations and essential industries to ensure democratic control and accountability to the people. Enact aggressive wealth taxes on the richest individuals and corporations to spend on public goods and infrastructure.

DEMOCRACY FOR ALL

Extend full voting rights to all permanent U.S. residents and restore the right to vote for incarcerated people and people with criminal convictions. Establish statehood for Washington D.C. and recognize the right to self-determination for all U.S. territories and colonies. Expand and protect voting rights and end voter suppression.

A DEMOCRATIC CONGRESS

Replace the two-party system with a multi-party democracy. Expand the House of Representatives, implement proportional representation and ranked choice voting in all elections, and abolish the Senate.

DEMOCRACY AT WORK

Empower workers to come together and fight the boss. Protect, expand, and enforce the rights of all workers to form, join, and strike with their unions, regardless of industry. Support union members who organize reform caucuses, democratize their unions, and take political action.

U.S. SENATE JOSH TUREK (D)

Turek has consistently voted to protect abortion rights, voted against banning “CRT” and affirmative action, voted to limit carbon pipelines and voted against expanding child labor. He also cast concerning votes banning civilian review boards, requiring bail for anyone arrested on a drug charge, and allowing local police to arrest undocumented people and hand them over to ICE. In interviews, he has said he would vote to increase ICE funding and opposes regulating cancer-causing ag runoff. He has also recently joined the slew of moderate Democrats making a calculated attempt to sacrifice our Trans siblings’ rights for Republican votes.

The only point on which Ashley Hinson might claim to align with our Workers Deserve More program was in her introduction of a bill allowing over the counter sale of hormonal birth control pills. She is a far-right authoritarian in every regard and a loyal servant of the rich and powerful.

Laehn's campaign platform is the least developed of Iowa's three Senate candidates this cycle. His campaign website includes some good policies, such as removing artificial immigration caps and overturning Citizens United. Those rare gems are overshadowed by his radical anti-abortion stance and a refusal to vote for any measure that may increase the national debt, except in cases of "extreme national emergency", which is a long-winded way of attacking critical social services. Laehn's campaign lays bare the contradictions of a political vision led by the frigidity of rugged individualism.

Trone Garriott has a history of defending Trans and LGBT rights in the state legislature. That makes her cowardly, short-sighted decision to capitulate to right-wing fearmongering on the issue all the more disappointing. The fact that most Iowa Democrats are making the same cynical calculation doesn't justify abandoning some of the most vulnerable members of the working class.

Sand's gubernatorial campaign has brought hope to Iowans desperate for any relief from the damage Republicans have brought upon the state. The campaign's record-breaking contributions is evidence of this, collecting over \$27 million this cycle. Some of this comes from Sand's wealthy family, but the grassroots enthusiasm shouldn't be dismissed. Unfortunately, Sand is a long way from being a socialist, and continues to bend even further to the right on critical issues such as trans rights, data centers, and immigration. Sand may be a reprieve from GOP destruction, but Iowa workers still deserve more than milquetoast "both sides" enlightened centrism.

Lahn would see education and healthcare further privatized, and would ultimately like to eliminate the state income tax. STATE AUDITOR TAYLOR WETTACH (D)

A former attorney who left his firm when it cut a \$125 million deal with the Trump Administration, Wettach plans to follow in the footsteps of Rob Sand.

Though he is slightly more progressive than Sand on issues such as universal healthcare and LGBTQ+ rights, he is still very much a centrist and a capitalist. He initially launched a bid for Iowa's 1st Congressional District in the 2025 Democratic Primaries, but dropped out of the race to announce his run for State Auditor, with the stated intention of preventing far-right candidate Chris Cournoyer from taking the State Auditor's office.

His 4 point foundation and 28 point solution focuses on regulating agricultural pollution and diversifying Iowa farms, which would in turn be able to provide local food to our communities. He has a history of fighting to recover stolen wages for the working class, and has criticized the way the current workers compensation system favors employers. He receives a mixed rating on the Democracy For All plank because while he has opposed turning over voter information to federal authorities, he has also said he would enforce voter ID laws. He has spoken out against the ‘big beautiful bill’ and violent ICE actions, but repeatedly advocates for pay raises for law enforcement.
